Acting Executive Officer

SUBJECT: COMMUNITY OUTREACH AND SERVICES

At the Board of Supervisors' meeting held February 10, 2015, Supervisor Solis requested that the Department of Public Health make staff available when community meetings, such as town hall meetings, press conferences, rallies, and other public events related to health issues are held, to answer questions and inform the community. Also, the Department of Public Health needs to continue testing the residents for lead poisoning and provide complete follow up and results.
